

DEYC MOORING SHARE APPLICATION 2023

This program is open to all DEYC members, to enjoy the use of other members' moorings when available. It is our hope to have a strong list of people who can offer their moorings for others to use, but if a member is not able to do so, they can still join the program. This form is to be completed by all participants every year. **NOTE: This can be completed on line this year by clicking on "enable editing" then filling in the blanks. (You will not be able to change my static text.) Or use any other options that work for you ! .** Looking forward to hearing from you !!!

3. RULES: Please make every effort to contact the mooring owners before using the mooring. Only ONE boat is allowed on the mooring; no rafting! It is important to fly your DEYC burgee when moored. This is a first-come, first-served program. This is a volunteer program; should the owner return, be prepared to move. Although all mooring owners have done their best to ascertain that these moorings are safe, it is understood by all members using another club member's mooring that the owner has provided the mooring in good faith and is not responsible in any way for the vessel using his/her mooring.. Use is 'AT YOUR OWN RISK'. To honor ground tackle integrity, no rafting.
